Credits and introductions

ACC Executive Officer: Paddy McKenna

The Associated Catholic Colleges of Victoria (ACC) is a collegiate network of Catholic Boys Secondary Schools, providing opportunities for students to engage in sporting, cultural and leadership activities. Whilst many of these pursuits involve competition of some type between our member schools, the focus of the ACC Music program is almost exclusively collaborative.

Our combined schools Music spectacular, **"ACCent on Music"**, is the largest single event that takes place within the ACC program. This event, our third concert at Hamer Hall, involves an incredible number of student performers – almost 700 young men will enjoy the awesome experience of performing in one of the nation's premier concert halls.

One of the great joys of learning Music is performing to an audience. Tonight at Hamer Hall, the students are set to perform a number of magnificent and varied musical items, having rehearsed them diligently over many months. I am confident that our audience will appreciate the incredible talents on display and be impressed with the breath-taking collaboration amongst the staff and students of our twelve member schools.

Music is a shared experience – in planning as well as performing. A number of staff members have worked incredibly hard to bring all aspects of this logistically challenging performance together. I would like to acknowledge the dedication and commitment of the Production Team and congratulate them on a job well done. My thanks is also extended to the Music staff from our schools for their wonderful contribution, as well as Arts Centre Melbourne for their friendly and professional support.

"Music is the colour of sound"

Enjoy the concert!

Music Advocacy

As music teachers we address the business of formal training – the notes, the sound and other official elements of music but the real connection is far deeper. Our music departments across ACC schools are filled with young people finding their way, exploring creativity and looking for more. Whether these boys stay in our departments for a short time or a long time, we recognise that music is a great place of belonging. We look for these boys as much as they look for us, for it's our job to help them find their tribe. Music has a way of finding the big, invisible moving pieces inside our hearts and helps us make sense of the world. Tonight is a wonderful connection for us all.
