Arts Centre Melbourne
Hamer Hall

WHITEFRIARS
CATHOLIC COLLEGE FOR BOYS

*Arts Centre Melbourne acknowledges
the traditional owners of the land on which we stand,
the Wurundjeri Woi Wurrung people, and pays respect
to their Elders, past and present.*

The Associated Catholic Colleges of Victoria (ACC) is a collegiate network of Catholic Secondary Schools in Melbourne and regional Victoria, providing opportunities for students to engage in sporting, cultural and leadership activities. Whilst many of these pursuits involve competition of some type between our member schools, the focus of the ACC Music program is almost exclusively collaborative.

Our combined schools Music spectacular, "ACCent on Music", is the largest and most logistically challenging event that takes place within the ACC program. This event, our fourth concert at Hamer Hall, involves an incredible number of student performers – over 600 young musicians will enjoy the awesome experience of performing in one of the nation's premier concert halls. We welcome the involvement of St Patrick's College staff, students and families as they join us for the first time in ACCent on Music, as well as our special guest, Dr Anita Collins.

One of the great joys of learning Music is performing to an audience. Tonight, at Hamer Hall, the students are set to perform a number of magnificent and varied musical items, having rehearsed them diligently over many months. I am confident that our audience will appreciate the incredible talents on display and be impressed with the breath-taking collaboration amongst the staff and students of our thirteen member schools.

Music is a shared experience – in planning as well as performing. A number of staff members have worked incredibly hard to bring all aspects of this event together. I would like to acknowledge the dedication and commitment of the Production Team and congratulate them on a job well done. I also extend my thanks to the Music staff and support staff from our schools for their wonderful contribution, as well as Arts Centre Melbourne for their friendly and professional support.

On behalf of the ACC Principals and the ACC Music Committee, thank-you for your attendance and for your support of this event. I am positive that it will be a wonderful experience for all.

Enjoy this incredible performance!

Paddy McKenna
ACC Executive Officer

Colleges

"Excellence,
Honour and
Fairness in
Student Activities"

GUEST PRESENTER: *Dr Anita Collins*

Dr Anita Collins is an award-winning educator, researcher and writer in the field of brain development and music learning. She is internationally recognised for her unique work in translating the scientific research of neuroscientists and psychologists to the everyday parent, teacher and student. Anita is the founder of "Bigger Better Brains" and an advocate for understanding how music learning can benefit every child's development.

Anita's work first came to prominence when she wrote the script for the highly successful TEDEd video, "How playing an instrument benefits your brain", followed by her TEDx Talk, "What if every child had music education from birth?"

She is known for her role as on-screen expert for the "Don't Stop the Music" documentary that aired on ABC in 2018 and was awarded the inaugural Australian Women in Music award for Music Education in 2019.

As a primary student, she was given the opportunity to learn the clarinet, and experienced significant improvements in her own learning. A life-long love of music, an accomplished teacher at Canberra Grammar School and experienced lecturer at the University of Canberra and ANU, her education, research and personal experience have enabled her to educate and inspire a significant number of people around Australia and beyond.

We are delighted to welcome Anita as a special guest for ACCent on Music and look forward to her engagement with our staff, students and family members.

PROGRAM

FOYER ENTERTAINMENT

Mackinley Rolfe (Parade College)
Fletcher Powell (St Joseph's College FTG)

JUNIOR CONCERT BAND

Conducted by Claire Block (De La Salle College)
and Chris Smith (St Bernard's College)
